

Junior Graphic Designer - Role Summary

Working closely with the Group Marketing Manager, the Junior Designer will be responsible for producing design solutions that create a high visual impact for the companies within the Space Property Group (BidX1, QRE & Hunters). The role involves a wide variety of routine marketing activities – digital & print adverts, brochures and reports – as well as bespoke campaign projects to improve the brand and profile of the various companies.

Key Responsibilities

- Design, layout and proofing of property adverts, both bespoke and using existing templates
- Design, layout and proofing of property brochures, both bespoke and using existing templates
- Photo editing & retouching for auction catalogues and sales brochures
- Design of digital adverts, both static and GIFs, to drive web traffic and engagement
- Design for a wide variety of other promotional materials including reports, infographics, presentations, tender documents etc.
- Support of website design (input on layout & visuals, provision of banners & other content)
- Support of printing activities (preparation of artwork for print, liaison with printers regarding layout and finish etc.)
- Assistance with brand management & guardianship; it will be important for the Junior Designer to cultivate a thorough understanding of the brands within the Space Property Group
- Review of artwork to check for brand/template consistency, that relevant amendments have been made etc.

Key Attributes

- Creativity & enthusiasm, strong conceptual & visual ability
- A flexible and client-based approach to design in a corporate environment, including an ability to grasp company needs and consider practical solutions
- Openness to feedback and amendments to designs to suit industry needs
- Accuracy and attention to detail when finalising designs and preparing artwork for print
- Professional approach to time-management & deadlines

Experience Required

- Degree level qualification or equivalent in Graphic Design, Digital Media or Visual Communications
- 1-2 years' commercial experience working as a Graphic Designer in a high performance environment

SPACE | PROPERTY GROUP

- Highly proficient in Adobe Creative Suite (Photoshop, Illustrator, InDesign, After Effects etc.)
- Strong digital design skills, website design, email design and design for web
- Experience in producing print-ready artwork
- Track record in delivering a high volume of creative work to tight deadlines

Salary: €29k - €33k
