5 PAYMENT OF BIDDER SECURITY

To bid on a property, you'll be asked to provide a registration fee of €100 and a deposit. The registration fee will be deducted immediately and covers bidding on any number of lots i.e. you will only pay one registration fee, no matter how many properties you wish to bid on. Please note that the deposit amount payable at the time of registration will be dependent on the reserve of the property and the number of lots you wish to bid on, subject to change.

Reserve Amount	Deposit Amount
€1,000,000 +	€20,000
€500,000 - €999,000	€10,000
€300,000 - €499,000	€7,000
€0 - €299,000	€4,500

This is a pre-authorised payment that can be made via credit/debit card or bank transfer. The €100 registration fee and deposit will show as two separate transactions on your account. The bidder security will be taken from your card if/when you win the bidding on a lot. If you are unsuccessful, the hold on your card will be released or bank transfer returned in-line with our terms and conditions.

6 BIDDER AUTHORISATION

Once you have completed the above steps, the auctioneer will review your registration. You will receive an email once your registration has been approved.

BIDDING

Bidding typically opens at 8am on the day of the auction. Sign into your account and you have two options for bidding:

- **Set a Maximum Bid:** This means entering an automatic bid with a pre-set maximum amount that can't be viewed publicly. The computer will enter bids for you as necessary to keep your place as the winning bidder, up to your maximum bid price. If you are outbid, you will be notified via email and can enter another bid if you so choose.
- **Place Instant Bid:** This will enable you to enter your own individual bids.

A full list of bids will be displayed on screen at all times.

BIDDING EXTENSIONS

The closing of the lot will be as per the time advertised, however if a bid is placed in the final 60 seconds an additional 60 seconds will be added. This is known as an extension. For this to happen the original clock will time out before the extension is added. If a bid is placed during an extension, the clock will reset to 60 seconds. This will continue to happen until a full 60 seconds passes with no bids.

POST AUCTION

If you are the successful purchaser, BidX1 will sign the contracts on your behalf on the day of auction and send signed copies to both your solicitor and the vendor's solicitor. The balance of the 10% deposit will be due within 2 working days and is payable by bank transfer or bank draft. The closing of the sale will be as per the contract for sale.

If you are unsuccessful, the hold of the bidder security will be released on your card, or, if you made a transfer, BidX1 will return the funds to you. Please note this may take up to 5-10 working days, due to clearance times.
